

Timespace Hard Disk Cartridges

Not all hard disks are the same

Timespace cartridges are designed for simple and reliable operation. The hard disks are carefully selected and tested to ensure reliable operation under all conditions. Easy removal allows original watermarked data to be transported and viewed or copied remotely with **Timespace PCLink Suite** applications.

CE BS EN ISO 9001:2008
RoSH, WEEE

Key advantages of the Timespace Hard Disk Cartridges are:

- Simple hot-swappable operation
- Reliable data storage
- 30 month warranty
- Range of capacities to suit application
- Range of specifications to suite environment.
- Hard disks are extensively tested by Timespace to ensure compatibility with all Timespace recorders.
- Full traceability ensures that recorder performance is not compromised by alternatives
- Fully compatible with Timespace PCLink 200 reviewing software
- Continuous development means that the latest hard disk technology is available

Part Number	Capacity Gb	Operation 0° to +40° C	Operation 0° to +55° C	Harsh, high vibration environment
